

Getting to Lady Lever Art Gallery

Lady Lever Art Gallery
Port Sunlight Village
Wirral
CH62 5EQ

By road:

From Liverpool: Go through the Birkenhead (Queensway) Tunnel (£1.30 toll for cars, £3.90 for coaches). Once you leave the tunnel follow signs for Port Sunlight, driving along A41(New Chester Road) - the gallery is sign posted all the way from the tunnel. At the roundabout take the third exit (Bolton Road). Take the right hand turn after the Bridge Inn. Continue along Church Drive passing the church and then the school on your right. Turn left into Windy Bank where you will see the gallery in front of you.

From elsewhere: Leave the M53 at junction 4, follow the B5137 and take the second left onto the B5136 towards Port Sunlight. Follow the brown and white road signs for Port Sunlight Village. Once you are in the village follow the signs for Lady Lever Art Gallery.

By train:

The nearest train station is Bebington although Port Sunlight is also within walking distance. They are both on the Chester and Ellesmere Port Merseyrail lines. Leave Bebington station and come out onto Old Chester Road (use the ramp if you require level access). Turn left, cross at the traffic lights, then turn left again down Bebington Road, passing under the railway bridge. Turn next right down Greendale Road.

Continue along the pavement on the same side as the cottages for approximately 400 yards until you see the Leverhulme memorial and the Lady Lever Art Gallery on your left. Take the pathway on your left leading into Windy Bank and towards the memorial and the gallery. The entrance to the gallery is to the right side of the building opposite the fountain.

By bus:

Take number 464 to Bebington Road bus stop (starts at Sir Thomas Street in Liverpool city centre) or number 38 to Bebington rail station bus stop (runs between Clatterbridge Hospital and West Kirby station). Once you get off the bus refer to the above directions from Bebington railway station.

Car parking

There is free parking for over 100 cars outside the gallery. This includes four spaces for disabled visitors immediately outside the gallery. Level access to the gallery is via a ramp to the left of the main entrance (through the gallery shop), although this changes in autumn 2007 when a new entrance and ramp will open.
