Liverpool Record Office Publications

A Map of the Church of England Parishes in Liverpool and District, c.1900 - The Parish information is dated c.1900 and has been superimposed onto Philip's Map of Greater Liverpool, dated 1921. The map is intended to be of use and interest to local and family historians.

A Handlist of Church of England Parish Records has been produced to accompany the map. As well as listing deposited parish registers, it provides background information and lists churches by date of consecration and by district.
